*Re: Denis M. Smith, biographical precis*

In the mid 1960s, I migrated to the United States from Jamaica, where I worked as an earth-moving equipment operator. Upon settling in the US, I worked for U-Haul for twenty-three years, as president of their Long Island, New York rental fleet maintenance facility and as equipment vice president for the five boroughs of New York and Long island. After that, I graduated from the Suburban Technical School, Hempstead, New York and began working for the Long Island Rail Road in the Machinist Union as a Propulsion Electrician.

I retired in 2003 and relocated to Florida, Citrus Hills.

My hobbies include restoring classic 1960s Ford Mustangs and repairing all types of electrical and electronic gadgets.

I have been a member of Unity churches for over twenty-five years and, since 2003, I have been a member of Unity of Citrus, where I currently serve as an interim Trustee, am a member of the Men's Group, and do volunteer maintenance work for the church.
